ST. JOHN'S ACADEMY CADET CORPS FAIR. The fair for the benefit of St. John's Academy Cadet Corps will be opened to-night at Armory Hall. The hall and the tables present an appearance which reflect credit upon the ladies having the fair in charge. A most the extensive work to be undertaken by the pleasant time is anticipated to-night. The lair is particularly deserving of patronage. It is not generally considered that boarding tools are as profitable to a city as factories, vet ston is undoubtedly the case. Every student brought here from abroad spends at least as much money as an ordinary factory hand and that money is produced elsewhere and brought here. The sermons by Rev. T. D. Valiant, Presidont if the Methodist Protestant Conference. to the church of that denomination in this city yesterday are spoken of very highly by those who heard them. Buth the morning and evering services of the church were attended by large consregations.

BALTIMORE, CINCINNATI & WESTERN RAIL ROAD -Some time ago we published an article from the Chicago Times about the Baltimore, Cincinnati and Western Railroad. In answer to the publication Colonel J. AT THE IRON WORKS - Another skilled workman, Mr. Hadiey, of Fall River, Mass., arrived at the works of the Potomac Manufec uring Company in this city last week, and Saliday experiments in the manufacture of the gher grades of steel resulted most satisfactori-15. Geo. W. Mr. Dresser further states that the Northern manufacturers who have lately sited this city at the invitation of Capt. CHESAPEAKE AND OHIO CANAL COMPANY, A Washington dispatch to the Baltimore American says : "A petition has been prepared and signed by the presidents of the various coal companies of the Comberland coal regions, addressed to the president and directors of the Chesapeake and Ohio Canal, praying that in canal company during the present winter, in the matter of lengthening locks, &s., that the work be so arranged that no more locks be torn out than cin by completed by the opening of navigation in the spring. It is netition was forwarded to President Gorman Saturday. The resson for this action is, that from the manner in waich this work has been proj c ed, and the number of workmen employed. the representstives of the coal componics bave been forced to the che asion that it is the purpose of the cital company to tear at the leeks throughout the entire length of the canal, after which the work of lengthening will be begun. Under the circumstatoes, it is clearly apparent that the locks will not be completed until the sommer is far advaned, and the run of coal by the boots arrested during that portion of the year when it is most profitable, both to the bostmen and eval companies, to get coul to a market. While there is, of o urse, no ground as yet to accuse the management of the Caesspeake and Onio Canal company of double-lealing in the premises, the appearance of things strongly sugg at that a coalition has been formed b tween the casel ring and the Baltimore and Obio Railroad Company for the great advactage of the latter in moving coal from the Cumberland fields.
